

## Normal Light Series

illuminator: Normal Bulbs  
use 2 pcs No. 1AA battery  
rated vol: 3V

current: 150MA

visual distance: 500M

working duration: 80H

color of light: normal light only, flash

color of cover: white, red, blue, green, yellow

Remark: May increase with metal sets  
and amidst lightning flash

064 YL-2B

063 YL-2A

065 YL-2C

## Super Light Series (Save 10% power)

"The King of power saving"  
Super light electronic luminous  
objects model A

Illuminator: Imported tube of  
frequency flash

Use 1 pcs No . 1 AA battery.

Rated vol: 1.5V

Current: 70MA

Visual distance: 3000M

Working duration: 150 h

Color of light: white only,flash

Color of cover: white,red,blue,  
green,yellow

Model: 111、060、061、069

060 YL-1A

061 YL-1B

111 YLG-1A

069 YLF-1

## Super Light Series - B (Save 40% power)

109  
YLJ-2

062  
YL-1C

068  
YLF-2A

"The king of power saving"  
super light electronic luminous  
objects model B

Illuminator: Imported tube of frequency flash

Use 2 pcs No . 1 AA battery.

Rated vol: 3V

Current: 100MA

Visual distance: 3000M

Working duration: 200 h

Color of light: white only,flash

Color of cover: white,red,blue,green,yellow

Model: 109、062、068

## Latest Product

166 YLD-N1

Illuminator: imported LED tube.  
Use 1 pc No. 1 AA battery.  
Rated vol:1.5V  
Current:35MA  
visual distance:1000M  
Working duration: 240 h  
Color of light: red only, flash  
Color of cover: white

167 YLD-N2

Illuminator: imported LED tube.  
Use 2 pcs No. 1 AA battery.  
Rated vol:3V  
Current:70MA  
visual distance:1000M  
Working duration: 500 h  
Color of light: red only, flash  
Color of cover: white

168 YLS-1

Illuminator: imported LED tube.  
Use 1 pc No. 1 AA battery.  
Rated vol:1.5V  
Current:35MA  
visual distance:1000M  
Working duration: 200 h  
Color of light: red, white, blue,  
green, orange, flash interchangeable  
Color of cover: white

169 YLS-2

Illuminator: imported LED tube.  
Use 2 pcs No. 1 AA battery.  
Rated vol:3V  
Current:70MA  
visual distance:1000M  
Working duration: 500 h  
Color of light: red, white, blue,  
green, orange,  
flash interchangeable  
Color of cover: white

## Colourful Light Series (Save 300% power)

### **SUPER POWER SAVING**

**Color light luminous objects**

**illuminator: imported red tube.**

**use 2 pcs No.1 AA battery.**

**rated vol: 3V**

**current: 40MA**

**visual distance: 1500M**

**working duration: 600 H**

**color of light: white,blue,green,flash**

**color of cover: white**

**Model: 104, 105, 106**

**104 YLH-2A (White light)**

**105 YLH-2B (Blue light)**

**106 YLH-2C (Green light)**

**Red light electronic luminous objects**

**Illuminator: imported LED tube**

**Use 2 pcs No. 1 AA battery**

**Rated vol: 3V**

**Current: 50mA**

**Visual distance: 1000M**

**Color of the light: Red only flash**

**Color of the cover: white**

**working duration: 240H**

## Perfect Design Good Contacts

This drive optical network lights and the colorful new torpedo lights products range is use of new improved device access by luminous objects bottom cathode metal with top of spring-loaded contacts, contacts larger, use more flexibility and must change the old generation network light bending of “spring-loaded” installation use error-prone, lean, exposed the defects.
